

NCMA Webinar
Rapid Cutting Edge Software & AI Acquisition
May 12, 2022 - 12:00-1:30 PM ET

Will Roberts, Acquisition Chief of the Joint Artificial Intelligence Center, leads the implementation of multiple cutting-edge acquisition vehicles, including Tradewind, designed to bring enhanced Artificial Intelligence, Testing and Evaluation, and Data Readiness capabilities to the Department of Defense.

Keith Gibson, Founder of Runyara LLC, leads the implementation of the Joint Artificial Intelligence Center's TryAI Commercial Solutions Opening, designed to allow low-cost demonstrations of innovative commercial technologies.
