BOARD COMMITTEE CHARTER

COMMITTEE ON PROFESSIONAL EDUCATION

The Committee on Professional Education shall be responsible for establishing strategies for the advancement of the Association’s educational purpose articulated in Association Bylaws Article II to include enhancing the quality and availability of professional education in contract management offered by the Association and other educational institutions and other potential educational providers.

ROLES AND RESPONSIBILITIES

The Committee will consist of a Chairperson appointed by the NCMA President, and committee members consisting of Board and non-Board members, as well as individuals that may not be Association members, as determined necessary by the Chairperson. Some Committee members should include individuals with an academic instruction and/or educational systems development background.

SCOPE

The Committee on Professional Education shall:

- Work with the NCMA Executive Director to develop and oversee the implementation of an integrated overarching strategy for the Association's professional education offerings to further the Association’s educational purpose in By Laws Article II. All professional educational programs will be consistent with the latest version of the CMBOK.

- Work with the Strategic Planning Committee to ensure the NCMA’s educational portfolio is aligned with the Association’s long range plan and consistent with the current and future contracts management environments.

- Maintain collaborative contact with academic institutions and other potential educational providers.

- Ensure the Association's educational offerings are consistent with the needs of the Association's membership.

- Ensure the Association's educational offerings are timely, relevant in the current environment, and delivered in the various media appropriate to the needs of the membership.

- Work with the Executive Director to maintain the currency of Policy 5-5, Educational Policies.

The committee is not expected to be engaged in the day to day development or delivery of NCMA educational products and services.
